

Pitot Kits

NEMCO makes up pitot kits from any combination of our pitot handles, blades, pressure gauges and adds a Plano small case. The most popular combinations are listed below or you can make up your own from our components. Our pitot kits represent a very good cost savings over the individual items.

#701 Standard Pitot Kit: This basic kit is still the most popular. It includes our #101 quick disconnect standard hex or #104 quick disconnect round handle, matched with the #108 standard metal blade. The Ashcroft #201 liquid filled gauge (any psi range), and the Plano #901 small case complete this kit.

Reg. \$146.85 **\$119.95**

#702 Standard Pitot Kit: This kit includes either our #101 quick disconnect standard hex or #104 quick disconnect round handle, matched with two of our plastic blades. (#109 straight or #110 notched blade). The Ashcroft #201 liquid filled gauge (any psi range), and the Plano #901 small case complete this kit.

Reg. \$146.85 **\$119.95**

#703 Custom Pitot Kit: This kit includes our #101 quick disconnect standard hex or #104 quick disconnect round handle, matched with the #108 standard metal blade. The Winters #202 Quality Series liquid filled gauge (any psi range), and the Plano #901 small case complete this kit.

Reg. \$156.85 **\$127.95**

#704 Custom Pitot Kit: This kit includes our #101 quick disconnect standard hex or #104 quick disconnect round handle, matched with the #111 ultra-thin straight metal blade or the #112 ultra-thin notched blade. The Ashcroft #204 Model 1009AW Flutterguard gauge (any psi range), and the Plano #901 small case complete this kit.

Reg. \$206.85 **\$169.95**

#705 Custom Pitot Kit (favorite): Choose from our #101A or #101B hex handle, or #104A or #104B round handle models with ultra-thin blades. The Winters #202 Quality Series liquid filled gauge or #203 Dry Stabilizer gauge (any psi range), and the Plano #901 small case complete this kit.

Reg. \$176.85 **\$145.95**

#706 Ultra Pitot Kit: This kit is a combination of our #107 ultra-light round handle quick disconnect pitot tube with the #112 ultra-thin notched blade and the #204 Model 1009AW Flutterguard gauge (any psi range). The Plano #901 small case completes this kit.

Reg. \$221.85 **\$179.95**
