The U.S. Veteran and U.S. Firefighter Markers are also available in a very sturdy metal version. Similar in style and appearance to their plastic counterparts, these markers will last and keep their color for a longer period of time. The U.S. Veteran Marker is made from zinc alloy and uniquely anodized while the U.S. Firefighter Marker is striking red and gold enamel; both are classically attractive and extremely durable. Each marker and rod unit weighs approximately 1/2 pound. The markers are regulation 6" in diameter, come with a standard aluminum rod and have support lugs for a 3/8" flag staff.
